BRISBANE COUNTY WATER DISTRICT MEETING

The regular meeting of the Brisbane County Water District was held at the school auditorium, Thursday evening.

The greater part of the evening was taken up with a hearing by the Commissioners to determine whether or not the proposed new district would be a benefit to the entire district. There were no protests.

Mr. E. P. Wylsie, the District Engineer, had prepared a comprehensive report on the history of water distribution in Brisbane up to the present. Also included new plans for the proposed new system. This report he read.

The highlights of the report are: Only those portions of the mains of the two existing systems that can be incorporated into the unified system are proposed to be purchased. It will be an 80% new system. New mains will consist of 940 feet of 10 in.; 4700 feet of 8 in.; 16410 feet of 6 in.; 1750 of 4 in. and 2250 feet of 2 in. To the 8 tanks now in use with a capacity of 141,000 gallons will be added 2 new tanks with a capacity of 50,000 gallons each. This will give a total storage capacity of 241,000 gallons. One of the new tanks is to be located above the 200 block of Trinity Road. Minimum water pressure is to be maintained at 30 lbs. per square inch. Enough new fire hydrants will be installed so that no home will be more than 350 feet from a fire hydrant.

The bond issue of \$175,000.00 will go before the voters for ratification September 13, 1949. All is unanimously supported by all members of the Board.

As soon as they can be compiled and distributed, the residents of Brisbane will be furnished with

reports and charts showing the exact cost of and the benefits to be derived from the new system. Also each and every person will be given their day at court at Mass Meetings to be held between now and September 13.

To those who are not registered to vote, they have until July 22nd to register. The Deputy Registrar in Brisbane are:

Mrs. Oliver Cheslyn, 280 Visitacion Avenue and Mr. Lester E. Pybee, 30 Visitacion Avenue Brisbane.

REGISTER NOW!

BRIDE 'LOST' IN BRISBANE

A Santa Barbara man was trying to resume his honeymoon which was interrupted in Brisbane.

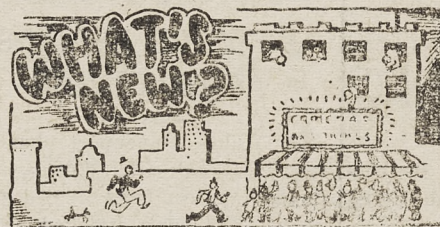

The honeymoon ended abruptly when the bride disappeared, and along with her some \$1200.

Robert Alkire said that he and his 40-year old bride, Katherine pulled into Brisbane auto court early one week on their honeymoon trip.

There were a couple of days of "heavy celebrating," the sheriff's office reported. On Wednesday evening the couple went to bed, and when Alkire awoke he found the bride had flown. He said he was told she was seen getting into a car with another man.

According to the report made to the sheriff's office, the bride was wearing "a pink dress, a pair of high-heeled white shoes, and \$1200."

Alkire today was returning to Santa Barbara in an effort to find the missing bride.

HOME TOWN FOLKS

Henry H. Denton, First Lieutenant was killed in action near Blongua, Italy, September 14th 1944.

W. H. Denton, father of Henry Denton, reports the son's remains arrived June 20th.

Burial at National Cemetery at San Bruno with full military honors by the American Legion.

R. Throckmorton has recently moved his office from San Francisco to 30 Visitacion Avenue where he will be quartered in the Pybee Realty office and will engage in business opportunities. He has been engaged in the business for some time past and has resided in Brisbane for the past 9 years.

Mr. and Mrs. Walter Olson of 44 Eldorado enjoyed a 4th of July celebration in Stockton where they enjoyed a very hot time, weather included. But they seemed to be pleased to get back to Brisbane and the low temperature.

Mrs. Edna Lancaster, co-owner of the new Club Western, 101 Visitacion Avenue returned to the management of the Club Wednesday after 5 weeks, suffering with a broken foot. She reports business is good.

To the John Lachams a new baby girl was born July 8, at Mills Memorial Hospital. The baby girl was named Nancy Elizabeth and its weight 6 lbs. 3 ozs.

Jim Mitchell and John T. Arthur recently returned from a weekend fishing trip in the San Bernardino mountains. They report very good fishing.

The James Johnson family of Glen Park Way and the Robert Parrish family of Humboldt Rd. spent last weekend at Memorial Park.

The Ed Stoners from Hanford have come to be the guests of Mr. and Mrs. Floyd Smurr of San Bruno Avenue. Mrs. Stoner is a sister of Mrs. Smurr.

Mr. and Mrs. John Chapman of 765 Humboldt Road spent Wednesday in Redwood City visiting with their daughter, Mrs. Warren Hamilton.

Mr. and Mrs. Fred Schmidt and son, Henry and Mr. and Mrs. Fred Schmidt Jr. spent the Fourth at Portola Park.

The Chet Nail family of Solano Street and Mrs. Lola Nickal. Mrs. Nail and son, Jack are staying at their cabin at Twain Har-

Don Case and wife recently returned from Idaho where they attended the funeral of her brother and visited her sick father.

Mr. and Mrs. H. H. Poarch and son of Oklahoma are visitors to the Ralph Adkissons of Solano Road for a few days.

DIRECTOR RETURNS AFTER ILLNESS

Mr. Eddie Davenport has returned to work after quite a struggle with a few bugs named pneumonia. The bugs attacked June 3 and didn't leave until July 5 and then they left enough to allow Mr. Davenport to return to work.

SAN MATEO COUNTY BOOSTERS LEAGUE

Brisbane Parks' two baseball teams (Midgets up to 14) (Juniors up to 16) have accepted an invitation to play in the County's Boosters' League.

The league will be county wide and split into two divisions - the Midgets and Juniors. Both of Brisbane's teams should make a good showing and the Brisbane Park Midget team is the only team in the league with regulation uniforms.

POISON DANGER IN FLOURESCENT TUBES

In "Sunset" for February 1949, they illustrated a number of begonia and fuchsia shelters in which burned out fluorescent tubes were used. Although these shelters have been giving safe and satisfactory use for years, we now regret any mention of them. Recently the United States Navy, the American Association of Industrial Physicians, and the National Safety Council have classified the fluorescent tube a poison hazard. The beryllium compound in the inner lining of the tubes has been found to be very poisonous. Wounds made by broken tubes often take months to heal and may

require surgery. Dust from the broken tubes may cause serious injury to the lungs.

Precautions: If lamp falls and breaks, get out of the room and stay out until any dust produced will have settled. If possible, wet the area before sweeping up the broken pieces; then wash the floor with a rag and throw the rag away. Do not leave used tubes where children may have access to them.

WOMEN'S CORNER

By BRIS - BETTE

THE woman who takes great pains to introduce some nice new food item to her family and gets in return only upturned noses can appreciate the service done by delegates at a meeting of the National Farm Chemurgic Council. The U. S. Department of Agriculture research laboratories produced a menu of new ideas in foods consisting of apple juice, canned pineapple salad-pineapple chunks in syrup which jells inside the can at ordinary temperature, raspberry frozen-spread-one of several kinds of uncooked fruit spreads, made from fresh purees or juices. Orange sherbet-sweet as oranges ripe from the tree, its base is frozen puree, made from tree ripened oranges.

These items already being made commercially, and coming up, still in experimental production were: cream of mushroom soup, without mushrooms. Flavor is imparted by a thick laboratory cream. Turkey steak, dehydrofrozen peas, dehydrated then frozen, potato chips, less greasy made of dehydrofrozen potato slices. Lemon meringue pie. meringue of soybean protein whip instead of egg white. Candies, containing protein from soybean and yeast. Salted almonds, dipped once in a solution that salts and colors, dipped a second time coating that dries hard and slick, seals in the salt and oil.

HOUSEHOLD HINTS:

Keep an extra muslin cloth handy when ironing to slip over board before ironing garments which are not fast color: this will protect ironing board cover from stain.

Cut an old whisk broom into a sharp V-point and use it to clean corners.

Scratches on shellacked doors, etc., usually disappear when wiped with alcohol.

If lower part of window shade

is soiled, shade can be reversed to bring clean part into prominence: untack shade from roller, reverse and cut off damaged edges near the pull-cord and tack back onto roller. Then stitch a new hem, slip stick through this hem and reinsert the pull cord.

According to reports of several popular vacation spots, July seems to be the prime month for vacationists this year. A long look around Brisbane, a good portion of our citizens are either packing or unpacking their bags. The one time each day when signs of life appear is when the 'Ice Cream Man,' tinkles down the streets, the jingle Parade of the Wooden Soldiers heralding his approach. The Pied Piper of Brisbane, coaxing children outside.

Sketches:

In the Orient a woman seldom sees her husband before her marriage. In America she seldom sees him afterwards.

When men moralize they're usually hypocrites: when women moralize they're usually homely.

'Tis love that makes the world go around — with that worried expression.

A RARE STEAK

Farmer: "You can't go wrong on this mare, sir. She's sound, gentle, a good worker and a fine saddle horse."

City Slicker: "What I want to know, is she tender?"

BARELY ALIVE

"You have no complaint," a city man said to a farmer. "You have your own milk, butter, eggs, meat, and vegetables. With enough to eat and a place to sleep what more do you want?"

"Well," said the farmer, "you come around a few months from now and you'll see the fattest, sleekest, nakedest farmer you ever saw."

Delayed Action

The schoolmaster stood with his back to the fireplace on a winter morning, and addressed good advice to the pupils before starting the day's lessons.

"Before you speak, think. Count 50 before you say anything important; 100, if it is very important."

The lips of his pupils were moving in unison, and suddenly they burst out in chorus:

"Ninety-nine, one hundred! Your coattails are on fire, sir!"

SILENT CAL

One Sunday after President Coolidge had returned to the White House from church, where he had gone alone, Mrs. Coolidge inquired:

"Was the sermon good?"

"Yes," he answered.

"What was it about?"

"Sin."

"What did the minister say?"

"He was against it."

Broken Silence

Mother was entertaining her bridge club when the pattering of tiny feet was heard on the stairs. She raised her hand for silence. "Hush! The children are about to deliver their good night message. It always gives me such a humble feeling to hear them. Listen!"

There was a moment of silence—then shyly: "Mama, Willie found a bedbug!"

Man's Worst Enemy

Recently at a gathering of literary and theatrical personalities, a certain well-known producer was holding forth on the countless mistakes he had made in his business and how much money they had cost him.

"I declare," he announced, "The my own worst enemy."

"Not while I'm here," came a rejoinder from the back of the room.

GOOFY GOSSIP

I have heard a great many complaints and conversation regarding the proposed water BONDS that the people of our fair city is soon to be confronted with. Being a property holder and interested in many civic improvements for a better place to live, I am vitally interested in seeing this improvement in Water System go over, and I think every homeowner with his own interest at heart will help put the proposed water improvement bond issue over. Being a Police Commissioner I am used to being cussed. If I do, and cussed if I don't. Brisbane's Water System was designed to accommodate 1000 people and it is now supplying better than four times that number. There is just one of two things to do. Either let Brisbane go short of water or increase the supply and enlarge the system. To enlarge the system it takes money. Revenue bonds should be voted when the election comes up for that purpose. The bonds have to be sold before the money is available to pay for water improvements. Bond buyers do not buy bonds unless they know there is going to be revenue coming in from water users in sufficient amounts to pay off these bonds. It is unfortunate that some plan could not have been devised without rate increase. If anyone has such a plan I am sure the Water Commission would be glad to hear about it. It always hurts to be hit in the pocketbook, I know.

It was street gossip today that the Commission was going to pay \$30,000 for one system. Let's get the matter straight. It was \$30,000 for both systems, and at that only such parts of these two systems can be fitted into the unified system are proposed to be acquired. That seems to me to be good business. Let's have water system that will build our town.

CHILD GUIDANCE AND CONSULTATION SERVICE OF SAN MATEO COUNTY

With the announcement this month that county funds to support the San Mateo County Child Guidance Clinic would be substantially reduced after the forthcoming fiscal year, officials of the clinic today stated that plans were now being made to have this vital county service to children supported by voluntary contributions. After July of next year.

The clinic since its establishment in June, 1947 has been primarily supported by county funds plus a small grant from the National Mental Health Fund.

According to a clinic spokesman, the original plan presented to the board of supervisors two years ago called for temporary county financial aid until the clinic was able to be maintained by public subscription. Clinic officials looking forward to a fund raising campaign next year, said that they feel that the need for a child guidance service on a year-round basis has been proven by the ever increasing number of parents, teachers

and physicians who have sought the clinic's aid for youngsters with emotional problems.

Rev. Thomas Regan, chairman of the clinic board, said that he was confident that county residents would wholeheartedly support any fund raising plan aimed to maintain the clinic on its present basis.

Father Regan said that the clinic has already received letters from various county PTA groups offering their support. He pointed out that some PTA's are so vitally concerned with the future of the clinic that they have voluntarily mailed in donations.

"We have a whole year," Father Regan said, "To get ready to stand on our own feet and we do not think that it is too early to begin to formulate an approach to the fund-raising job we shall be called upon to do next Spring."

The present annual operating budget of the clinic is over \$35,000 and Father Regan felt that the amount needed during 1950-51 period would at least total that figure.

BRISBANE IN TITLE TILT

Eddie Davenport's Brisbane Park Juniors and the Redwood City Swensons met in a doubleheader at the Redwood City Community Park to settle the Championship of the Peninsula Little Big League. The games were slated for 10:30 a. m. and 2:30 p. m.

The Brisbane team won the Northern division of the PLBL while the Redwood City club, although it entered the league later than the other teams, put together a sufficient number of wins to take the top spot. The Swensons lost once while winning six times. Hillsborough was the runner-up behind Redwood City.

Davenport's Brisbane team won 10 of its 11 games, nosing out the San Bruno Little Lions and the Millbrae Pirates who tied for second.

Don Delbon, the ace checker of the Brisbane nine, opposed Redwood City's Carl St. Clair who, according to manager Ralph Allinson, is no cinch to beat. Delbon, however, has whiffed 82 batters in league play.

Don Kline started the second game for the Brisbane team, and

BRISBANE PARK BASEBALL TEAM

On Saturday, June 18th at Orange Ave. Park in South San Francisco, the Brisbane Park Recreation Team beat the San Bruno Little Lions by the close score of 1 to 0 to win the "Northern Division" off the Peninsula Little-Big League. This was quite a victory for Brisbane as this was Brisbane's first year in the league.

All of Brisbane can be very proud of their boys and I as coach wish to thank each and every player for the wonderful effort, play, sportsmanship and fun that we have had in the winning of the Northern Division.

It is through efforts and accomplishments like these that make good strong characters out of our young boys, so Brisbane can be assured of some fine upstanding citizens in the not too far future.

Also at this time I would like to express my sincerest appreciation and gratitude to Mr. and Mrs. W. Delbon, Mr. and Mrs. D. Williams, Mr. and Mrs. H. Roland, Mr. and Mrs. R. Trantham and Mr. and Mrs. C. Stull for their wonderful contributions in transportation and support throughout the whole season.

Mr. Eddie Davenport.

LEGION AUXILIARY INSTALLATION

The American Legion of Brisbane, the Ladies of the Auxiliary, friends and guests from out of town turned out to witness the Installation of Officers, on July 14. The new group to assume office were:

President, Lorene Harris; First Vice-Pres., Wilma Schultz, Second Vice-Pres., Hazel Hooper; Secretary, Virginia Woodard; Treasurer, Lorene Geist; Sergeant-at-Arms, Jo Davidson; Marshal, Vera Blair; Chaplain, Lura Byers.

Instilling officer was Mrs. B. Camgroff. Guests included past Presidents of the State Department, Florence Kelley, and Mrs. Alice Gill.

A buffet supper was served following the ceremony, with a beautiful cake decorated in Legion emblem and color, as the center of attraction.

BRIDAL SHOWER

Mrs. Anna Jennett was hostess at a bridal shower for her niece Miss Carol Vowels of Portland on July 14, at 525 Humboldt Road. Guests included Mabel Ross, Agnes Whitson, Monica Vandiveer, Kay Stewart, Margaret Koster, Ellen Bhend, Daisy Truelson, Violet Hodges, Viola Scenkel, Carol Vowels, Mararet Vowels, Gloria Puchinelli, and the hostess Anna Jennett.

Dainty refreshments were served buffet style at the close of the evening.

BRISBANE BYGONES By Mrs. Dorothy Radoff

Did you know that Brisbane was a remote spot during the years 1912-1929, being used chiefly as grazing land for cattle and abundant with geese, turkeys, goats, and horses; and that many came from the city and elsewhere to hunt rabbits and meadowlarks? And did you know that Brisbane was known as Visitacion City until 1929 when Arthur Annis, realtor, reopened the tract and named it Brisbane in honor of Arthur Brisbane, famous journalist?

BRISBANE WATER SUPPLY

A meeting to further the discussion on the newly formed plans for improvements for the Brisbane water supply, was held at the school house on July 14, at 8 o'clock.

HOME RAIDED DURING GARDEN BARBECUE

By Mrs. Dorothy Radoff

A guest in a Brisbane home lost \$100 to a burglar recently. Mrs. Marie Green, visitor at the Kings Road home of her sister, Mrs. Bert Burgess, was the victim.

Mrs. Green left her purse containing \$130 on the kitchen table, then joined the family outdoors for a barbecue luncheon. A short time later she re-entered the house and found that the \$130 had been taken from the purse.

A search disclosed that the culprit had fumbled the money, for \$10 of it was recovered on a porch and an additional \$20 on a canyon path. Approximately \$40 was overlooked in another section of the purse. Police are investigating.

GOOD FISHING

Recently Harvey Jans of Brisbane caught a 13-lb bass in San Francisco Bay. Harvey is a member of the Stingaree Club. Other members who went fishing with him were Eddie Swindleoff, Chuck Richards, "Porky" Hatch, Gwynne McIntosh.

HOME TOWN NEWS

Mrs. Mprtle Tikkenen gave a surprise shower Friday, July 8, for her new daughter-in-law, Lanore Tikkenen at her home 81 San Benito Road. Lanore received many beautiful and practical gifts.

The guests were:

Mesdames: Bee Carrigan, Helen Kimmmer, Mildred Turcich, Ann Coffin, Helen Sweeney, Eileen White, Viola Johnson, Margaret Tann, Dolores Van Kirk, Ruie Sarey, Chet Mahaffie, Myrna Hoertes, Thelma Van Kirk, T. Jorgensen, Ann Rumbough and Louise Ross, Nina Turcich and Margie Van Kirk.

Mrs. Stella Arthurs and son, Harold of Alvarado Street spent several days at Sonora.

FIFTEENTH ANNUAL SAN MATEO COUNTY FAIR and FLORAL FIESTA

The fifteenth annual San Mateo County Fair and Floral Fiesta is looking for the most beautiful girl in San Mateo County to reign over the ten-day 1949 Fair, August 10 through 20.

The contest winner, to be selected from entrants from 10 districts in the county will reign over the Fair as 'Miss Orchid of 1949,' it was announced by Dr. Hartzell Ray, Special Events chairman for the Fair.

All that is required of any girl who wishes to enter the contest is that she be a resident of San Mateo County, between the ages of 16 and 25. There are no tickets to sell, no votes to solicit, nor is there any obligation except that all contestants abide by the rules of the contest and the decision of the judges which will be final in all cases.

Mr. Ted Dagler, president of the Brisbane Chamber of Commerce, said that "Miss Orchid" contest blanks would be available at the Brisbane Post Office. He urged all young women interested in the contest to make application immediately as the closing date for entries is midnight, Wednesday, August 27.

Three impartial judges representing the entire county will visit the ten districts to conduct the eliminations for the ten finalists. All entries must be addressed to the Special Events Director, San Mateo County Fair and Floral Fiesta, 2501 Pacific Avenue, San Mateo.

Immediately following the closing date, August 27th, the judges will call the contestants in each area, and select the winner for that area.

"Miss Orchid of 1949" will reign over the 15th annual Fair and the

other nine finalists will serve as her court of honor. Each of the finalists will represent one of the flowers for which San Mateo County is world famous, carrying out the theme of the Fiesta.

"Announcement of complete details together with the special prizes and awards to be made to "Miss Orchid" will be made in the very near future," Dr. Ray announced.
